

We're not like other schools—we see the value in crossing disciplines. RIT draws an array of designers, artists, photographers, and filmmakers on the one hand, and scientists, engineers, computing scientists, and entrepreneurs on the other. Where they meet, remarkable things happen.

For RIT's enthusiastic, committed faculty, students are a priority as much as teaching is a passion. They utilize their real-world experiences to enrich your learning, spark your curiosity, challenge you to grow, and inspire you to achieve.

RIT welcomes students from all 50 states and over 100 countries. Our global footprint extends beyond our main campus in suburban Rochester, NY, to vibrant global campuses in China, Croatia, Dubai, and Kosovo. We are also home to the renowned National Technical Institute of the Deaf (NTID).
